Maid Brigade of The Palm Beaches Expands Under New Local Ownership

WEST PALM BEACH, Fla.—With new management and ownership, Maid Brigade of The Palm Beaches expands its complete green cleaning maid services in the West Palm Beach, Greenacres, Jupiter, Palm Beach Gardens, Royal Palm Beach, and Wellington areas. New owner, Marcel Lumaban, is a long-time area resident who took over ownership of the local franchise location in March.

Maid Brigade is the nation's leading cleaning service company with more than 400 franchise locations throughout the United States. It is the only Green Clean Certified® house cleaning company in the world, which means that the cleaning equipment, products, and processes used are approved by Green Seal and are safer for its customers, maids, and the environment. Maid Brigade is ranked a Top 100 Franchise by *Entrepreneur* magazine and has a customer quality rating of more than 90 percent.

"As an area resident, I know how time-starved people are in this community and how much they deserve to spend their free time doing the things they actually enjoy," says Lumaban. "Maid Brigade provides them with a clean and healthy home for their families and the peace of mind that they've hired the highest quality and most dependable maid service possible."
